great
She was great at making people feel included and feel "normal" about not knowing the answer. She explained things very well and was patient. She also did a great job of going over the worksheet answers during discussion. Lastly, she tried to connect with us as people with interests besides just CS which made it feel like a nice community.
jordan was great!! they always started the section with a really helpful and in depth mini-lecture and then would go around and help anyone who was having issues, working through problems as a class to make sure we understood every step, and encouraging group work

I didn't visit any GSIs but I felt like Jordan was very kind at responding to emails and understanding my circumstances.

Jordan always encouraged everyone to participate. She was very friendly and when we worked as a group I always felt safe.
