## Instructor Ratings

The GSI's instructional activities, contributions, and/or feedback enhanced my learning. ("Learning" may include gaining mastery of course content and new skills, exposure to new methodologies and modes of critical thinking, and extending the ability to express oneself on the topics treated in the course.)

| Jordan was a great GSI. Extremely knowledgeable, and her many semesters in course staff definitely shined through in her teaching of the course. Thank you, Jordan :) |
| Teaching pace could be faster.                                                                                                                                        |
| Highly recommend her.                                                                                                                                                 |
| Would be better if the GSI worked through problems as a class more slowly                                                                                             |

| Jordan is my GSI for discussion and lab, she answers our questions thoroughly and and she gives lectures to us and makes sure that we udnerstand the materials, she also takes us along with the lab and discussion questions. She does roll calls but is not enforced but rather encouraged. |
| Unavailable outside office hours which can be frustrating sometimes. I have sent a couple imporant emails that went unanswered.                                                                                                                                                               |
| Really great to have her in the course! She fostered a supportive environment.                                                                                                                                                                                                                |
