Jordan really does a great job walking students through content and practice problems.
Jordan is a really great teacher. She gives very well-prepared and structured mini lecture for both her labs and discussion which really helped me a lot. And she is very encouraging when it comes to answering questions.
Thanks
She would check in with every student during lab to gauge how we were doing. They were especially helpful one-on-one and would sit down until we were able to understand enough to make progress. She would then come back to check-in and make sure we were progressing.
Good job!
She is a very effective GSI in terms of preparation and knowledge of the subject matter. However, when I ask questions in LAB her responses sometimes feel discrediting of the effort I have put into my attempts of the problems.
Very nice and intelligent!
Great preparing for every section and making things clear.
Awesome TA! Knows material well and very approachable.
Awesome GSI
I don't know who you are
